

Vice Chair Report 6/13/09

I attended the monthly H&I meeting at the beginning of the month.

No major issues to report. They are servicing a total of I believe 20 meetings and just added another one.

Before last months area meeting I stopped into the

PI&PL/Webservant meeting and they are functioning well. They were planning a poster drive for the near future.

Throughout the month I attended the policy meeting on Tuesday with the policy chair and her subcommittee, it went extremely well and they have a lot of good plans for the policy.

There is no activities subcommittee at this point so there was no meeting.

Please announce the GHASC learning day at meetings, it is next month July 11th from 11:00 a.m. to 2:00 p.m. right before area.

I am Scheduling with the Chair and other members of the body to take a full and exact inventory of the items in our storage unit to decide what to do with the remaining campout items and whatever else is in there.

In Loving Service,

Eric K.
